

### MP3 Converter

"YouTube to MP3 Converter" allows you to download the audio track of a YouTube video exclusively.

The freeware "YouTube to MP3 Converter" extracts the music from any desired YouTube video and saves the sound in the practical MP3 format on the hard drive

Paste the link to the video you want into the tool and specify the format and quality to convert to. Now click on »Download« and you will have the desired video as MP3 on your computer

**Advantages** = very easy to use

**Disadvantages** = a lot of annoyance with advertising and numerous premium tips, very slow, only videos up to 30 minutes in length are free

### Spend Money

The game lists a bunch of items along with their prices that you can buy. You have the choice to buy a luxury bottle of wine (\$7,000), a book (\$15), a Tesla (\$75,000), and an entire cruise ship (\$930,000,000).

**Remember:** This is not an online shopping!! you can create a profile or get a finished profile from us with random funny names and random amounts! and also you can choose or get your own money(you can type the value of the money you want and it will appear there)

You can buy a Big Mac, a pair of flip-flops, and other daily necessities or you can buy a yacht, a Boeing 747, and more. The most expensive item on the list here is the NBA team, which costs around €2 billion. The app also has the option to sell purchased items.
